EDUCATION

University of North Texas

Bachelor's in Computer Science | GPA: 3.5

Denton, TX

Aug. 2022 – Dec. 2026

EXPERIENCE

Associate

July 2022 – Present

In-N-Out Burger

Fort Worth, TX

- Collaborated within a fast-paced, cross-functional team to fulfill high-volume orders, demonstrating strong verbal communication and adaptability in high-stress environments
- Executed strict quality assurance and company standards to maintain product consistency, mirroring the attention to detail required in rigorous software testing
- Prioritized competing tasks during peak volume hours, rapidly resolving customer and operational blockers to maintain continuous workflow
- Trained and on-boarded new team members on standard operating procedures, accelerating their time-to-proficiency

PROJECTS

Floradora | *React, TypeScript, Python, FastAPI, PostgreSQL, Docker*

June 2026 – Present

- Engineered a full-stack, gamified Pomodoro productivity web application, integrating a responsive React front-end with a custom Python/FastAPI RESTful backend.
- Designed and implemented a PostgreSQL database to securely manage user profiles, authenticate sessions using JWTs, and persist state for unlockable cosmetics.
- Used Docker to ensure consistent deployment across development and production.
- Executed PyTest unit test suites upon code commits using GitHub Actions, ensuring backend stability.

VESTA (Virtual Economic Simulator and Trust Assessment) | *Flutter, Supabase* August 2025 – May 2026

- Developed a cross-platform mobile application utilizing Flutter to measure user vulnerability to financial scams through interactive simulations.
- Integrated a Supabase (PostgreSQL) backend to manage relational data, handle user authentication, and securely store sensitive simulation metrics.
- Collaborated in a 5-person Agile development team alongside a UNT Psychology sponsor, translating user requirements from the Psychology Department into functional software features.
- Managed team repository workflows via GitHub

CERTIFICATIONS

Certified in Cybersecurity (CC)

Dec. 2025

ISC2

TECHNICAL SKILLS

Languages: Python, TypeScript, JavaScript, SQL, C++, Dart, HTML/CSS

Frameworks: React, FastAPI, Flutter

Data Management: PostgreSQL, Supabase

DevOps & Cloud: Docker, GitHub Actions (CI/CD), Linux

Testing & architecture: PyTest, RESTful APIs, JWT Authentication, OWASP Secure Coding
